UPDATE VEHICLE

New vehicle

To create and register a new vehicle in the system you can click on the **New Vehicle** button. A new page will open with the vehicle required information in order to complete a successful registration. The mandatory fields for vehicle creation are the Name, Description, Labels, and Vehicle type. Other fields like Year of manufacture and Year of registration are additional and optional fields.

After filling out all the mandatory fields you can click on the button **Submit** in order to finish the

vehicle creation.

The screenshot displays a web application interface for vehicle management. A modal window titled 'Vehicles' is open, allowing for the creation of a new vehicle. The modal contains the following fields:

- Name:** A text input field labeled 'Name:'.
- Description:** A text input field labeled 'Description:'.
- Vehicle Type:** A dropdown menu labeled 'Select...'.
- Labels:** A dropdown menu labeled 'Select...'.
- Year of registration:** A text input field labeled 'Year of registration:'.
- Year Of manufacture:** A text input field labeled 'Year Of manufacture:'.

A 'CREATE' button is located at the bottom right of the modal. The background shows a 'Vehicles' overview page with a table of existing vehicles. The table has columns for 'Name', 'Year Of Manufacture', 'Year Of Registration', and 'Actions'. The 'Actions' column contains icons for view, edit, and delete.
